Company Profile

Springbok Logistics Zambia Limited is a family-owned Zambian logistics business headquartered in Kitwe, Zambia. The company was founded by **Mr. Mehran Ahmed**, who serves as Founder and Managing Director. Springbok is positioned as a responsive logistics partner delivering cargo safely, securely and efficiently across domestic, regional and port-linked trade routes.

The company provides clearing and forwarding, customs support, cargo movement coordination, documentation services and corridor-based logistics solutions. Its service model is built around disciplined execution, modern tracking support, commercial responsiveness and long-term client relationships.

Through group-linked operational support, including attachment to the BHL Group, Springbok is presented with the capacity to support movements of up to **5,000 metric tons per month** while maintaining service continuity, cargo visibility and delivery assurance.

Mission

To connect people, businesses and communities to a better future through dependable logistics, responsive customs support and quality-driven service execution.

Vision

To be a preferred regional logistics and supply chain partner known for safe delivery, service quality, corridor mastery and sustainable client value.

Core Values

Connected

Understanding client needs, being transparent in execution and remaining responsive across the supply chain.

Committed

Building long-term business relationships while maintaining consistency, reliability and attention to detail.

Creative

Continuously improving the way operations are planned, monitored and delivered.

Integrated Service Portfolio

Springbok Logistics provides practical end-to-end support for import, export, local and transit cargo, with a focus on reliable execution from port to final destination.

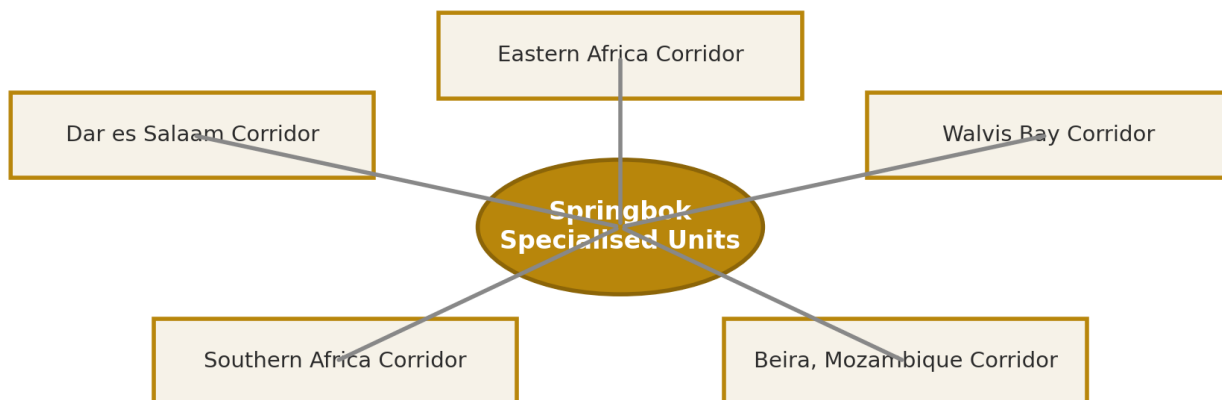

Customs Clearance	Clearance of cargo at Zambian ports of entry, including local and transit consignments.
Import and Export Documentation	Preparation and coordination of required shipping, customs and regulatory documentation.
Booking and Shipping	Cargo booking and shipping support through Durban, Beira, Walvis Bay and Dar es Salaam.
Port-to-Destination Delivery	Transfer of cargo from ports to final destinations using suitable units and coordinated inland support.
Cold Chain Support	Temperature-controlled logistics support for sensitive and time-critical cargo.
Cargo Consolidation	Consolidation support for cargo sourced from Southern Africa, the UK, Dubai, Turkey and China.
Cargo Tracking and Escorting	Visibility, escorting support and monitoring for selected cargo movements.
Controls and Permits	Advisory and process support for permits, customs procedures and cargo controls.

Strategic Corridor Expertise

Springbok places particular emphasis on corridor execution using specialised units to support smooth cargo movement from port to final destination.

Strategic Corridor Expertise

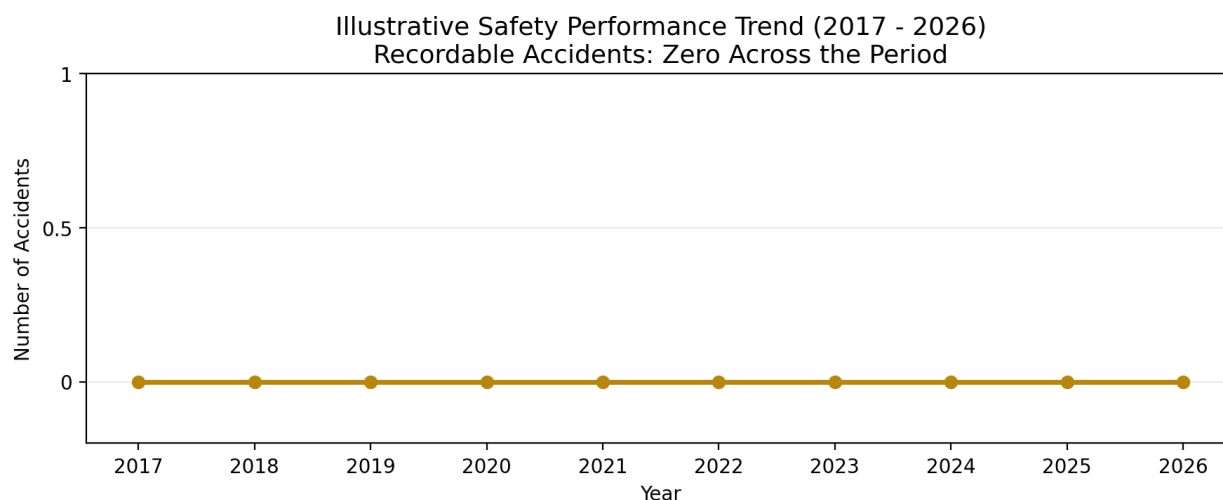

Specialised support from port to final destination across key trade corridors.

Safety, Security and Delivery Assurance

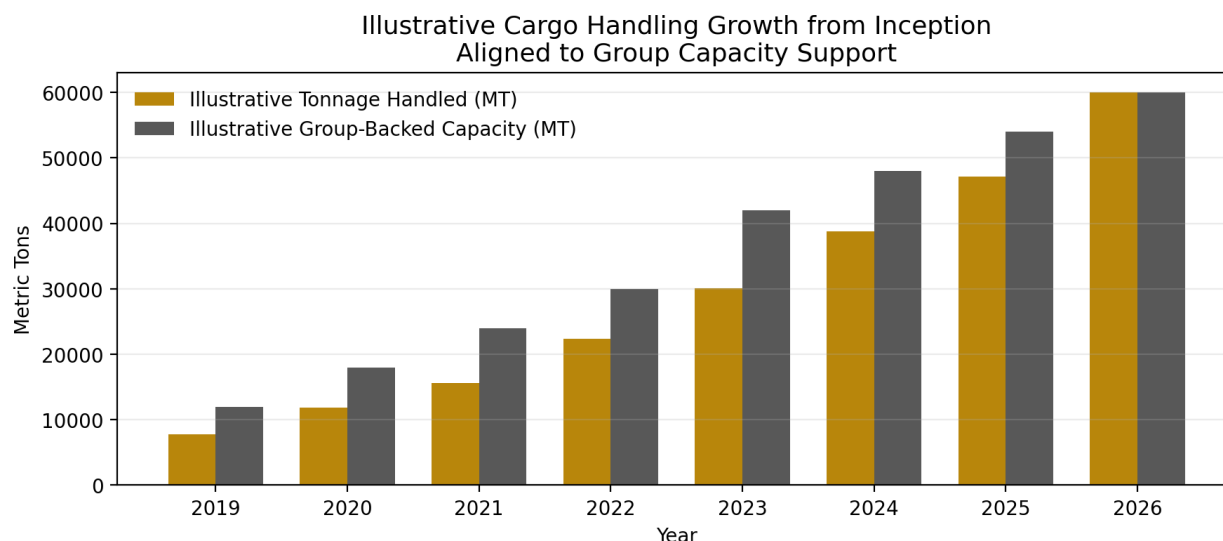

The company's corporate positioning emphasises safe, secure and controlled cargo delivery. The following demonstration visuals have been included for profile presentation to show the intended service message and operating profile.

Group-Linked Capability and Commercial Strength

Springbok's logistics proposition is strengthened by its linkage to larger group capability, including BHL Group support, allowing the business to present scalable execution strength, specialised units and reliable monthly cargo movement capacity.

Illustrative Group-Integrated Capability

Designed for presentation use to demonstrate available scale, support structure and service continuity.

Why Clients Choose Springbok

Headquartered in Kitwe, Zambia

Well positioned for Copperbelt logistics support, inland cargo coordination and cross-border trade interface.

Corridor Mastery

Focused operational familiarity with the Dar es Salaam, Eastern Africa, Southern Africa, Walvis Bay and Beira corridors.

Specialised Support Units

Appropriate units and planned support structures for port pickups, inland delivery and controlled movements.

Safe Delivery Positioning

A strong corporate message built around safe, secure and loss-free delivery of customer cargo.

Relationship-Based Service

Commercially responsive, client-focused service designed for long-term partnerships.
